Our Blight Resistant Range

Perfect to grow outside anywhere in the UK

Grow with confidence

BLIGHT RESISTANT

Grow with confidence

Blight resistant varieties will still show signs of blight,

but have the natural ability to grow through it, when regular tomatoes would succumb. Plants can still show infection (up to 10-15% of leaves, stems etc. without affecting fruit quality or yield. The plants have the resistance to be able to grow away from the attack.

Traditional Greenhouse

A great garden building, this spacious metal greenhouse has a strong aluminium frame which has been coated in green paint for a stylish finish. A sliding door provides access and the greenhouse comes with a large roof vent so you can let cool air into this greenhouse during hot summer days. Glazed with 100% shatterproof polycarbonate glazing which is a great alternative to glass, much safer for gardens used by children and pets. Polycarbonate also protects plants from harmful UV rays and burning in hot summer rays. Integral gutters help collect rainwater that can be used at your convenience. There is also a heavy duty galvanised zinc steel base to provide extra strength. All packs include fixtures, fittings and assembly instructions.

All packs include fixtures, fittings and assembly instructions. Staging not included but can be purchased separately. Despatch: within 24 hours.
